

RIMOJEKI - Tech Rider 2022

All the sound including vocals will go out from the band's sound card 2 PL (¼ inch) output cable lines to your Mixer.

Stereo DI will be perfect.

Upon request, and if the time of sound check allows, the band can send all audio signals separated. Please let us know if you prefer that and we will send a different Tech Rider.

Band Members:

Rimo - Vocal, Guitar.

Jeki - Synth, Theremin, Vocal, Laptop - (Video + Audio)

Music - Gear needed:

- 2 Mic stands
- 2 Mic (can be provided)
- 2 XLR Cables for the Mics (To our mixer)
- Table / keyboard stand + board (around 1 meter long)
- AC plugs for both sides of the stage

Video-Art!

The band takes out video art from a laptop on stage.

Please let us know if you don't have a Projector.

Gear needed:

- Video projector
- HDMI cable from the stage to the projector (We have an adaptor for VGA cable).
- White background on stage. (We can provide a Stretchy white Fabric to hang)

*The projector should be hung in front of the stage at least 8-12 meters to provide the widest picture, projecting all over the stage including the performers.
